EDUCATION

B.E. Computer Science Engineering (UG) 2026

Sri Muthukumaran Institute of Technology, Chennai | CGPA: 8.4 / 10

Higher Secondary Certificate (HSC) 2022

Sivanthi Matric Hr. Sec School | 78%

EXPERIENCE

Java Full Stack Development Intern | Femtosoft Technologies (On-site) 1 Month

- Developed front-end and back-end components of Java-based web applications using Spring Boot and modern UI technologies.
- Gained hands-on full-stack experience building efficient, scalable modules in a professional environment.

Web Development Intern | Empower Guiding Centre (Online) 1 Month

- Built and enhanced web applications with focus on responsive UI design and back-end workflow integration.

PROJECTS

Smart Food Expiry Management System | React.js, Node.js, Express.js, MongoDB

- Built an AI-powered food expiry system with OCR-based date detection, JWT authentication, and smart alerts to reduce food wastage.
- Integrated role-based access control and real-time notifications for admin and user modules with a fully responsive UI.

Zen Pulse – Mental Health AI Chatbot | HTML, CSS, JavaScript

- Developed a mental wellness web app for Gen Z with a rule-based mood chatbot, gamified activities, and daily affirmations.
- Implemented gratitude journaling and positive thinking exercises to promote emotional well-being among users.

Employee Management System | Java, Spring Boot, MySQL

- Full-stack HR automation system for BM Cargo — manages employee salary, documents, and data with secure role-based access.

CERTIFICATIONS

- Java Full Stack Developer – Femtosoft Technologies
- Web Development – Empower Guiding Center
- Python Programming – Great Learning
- JavaScript for Beginners – Skillup (Simplilearn)
